Ralf Klischewski is a Professor of Information Systems at the German International University (GIU) in Berlin, Germany, as well as its Founding President. Prior to this position, he held a professorship position at the German University in Cairo (GUC). In 2003, he has been Visiting Associate Professor at the Copenhagen Business School, Denmark. His work has been published with MIT Press, in recognized journals such as Government Information Quarterly, International Journal of Public Administration, Electronic Government (an International Journal), Journal of Big Data, Journal of Public Budgeting, Accounting & Financial Management as well as in numerous Springer Lecture Notes.

Education

Habilitation (2004) and Doctoral Degree (1996) in Informatics, Diplomas (1989/90) in Political Science and in Informatics (all from Hamburg University)

Research Interests

His research mainly focuses on stakeholder approaches towards information processing and IT alignment, integration and interoperability as well as on epistemological aspects of information systems research.
